the mediterranean is an invented cultural space on the frontier between north and south west and east modern art and the idea of the mediterranean examines the representation of this region in the visual arts since the late

eighteenth century placing the idea of the mediterranean a cultural construct rather than a physical reality at the centre of our understanding of modern visual culture this collection of essays features an international group of scholars who examine competing visions of the mediterranean in terms of modernity and cultural identity questioning and illuminating both european and non european representations an introductory essay frames the analysis in terms of a new spatial paradigm of the mediterranean as a geographic historical and cultural region that emerged in the late eighteenth century as france and britain colonized the surrounding territories essays are grouped around three vital themes visualization of the space of the new mediterranean varied uses of the classical paradigm and issues of identity and resistance in an age of modernity and colonialism drawing on recent geographical historical cultural and anthropological studies contributors address the visual representation of identity in both the european and the oriental the colonial and post colonial mediterranean

containing more than one thousand illustrations many in full color an extensive overview of the entire collection of the museum of modern art includes works from all six of its departments painting and sculpture drawings prints and illustrated books architecture and design photography and film and video

the story of modern art is firmly established as an outstanding introduction to the subject writing in a clear and direct style norbert lynton aims at helping the reader to form a relaxed and confident relationship with modern art he explores the challenges and dilemmas that faced artists at the turn of the nineteenth century and shows that subsequent developments have been serious and intelligent efforts to create art that is both honest and significant

in this second volume albert boime continues his work on the social history of western art in the modern epoch this volume offers a major critique and revisionist interpretation of western european culture history and society from napoleon s seizure of power to 1815 boime argues that napoleon manipulated the production of images as well as information generally in order to maintain his political hegemony he examines the works of french painters such as jacques louis david and jean auguste dominique ingres to illustrate how the art of the time helped to further the emperor s propagandistic goals he also explores the work of contemporaneous english genre painters spain s francisco de goya the german romantics philipp otto runge and caspar david friedrich and the emergence of a national italian art heavily illustrated this volume is an invaluable social history of modern art during the napoleonic

era stimulating and informative this volume will become a valuable resource for faculty and undergraduates r w
liscombe choice

in this haunting debut novel the ailing widow of a prominent american painter grapples with her impending death
and recalls her turbulent marriage as she vows to silence her husband s unauthorized biographer

today the museum of modern art is widely recognized for establishing the canon of modern art yet in its early years
the museum considered modern art part of a still unfolding experiment in contemporary visual production by
bracketing moma s early history from its later reputation this book explores the ways the museum acted as a
laboratory to set an ambitious agenda for the exhibition of a multidisciplinary idea of modern art between its
founding in 1929 and its 20th anniversary in 1949 moma created the first museum departments of architecture and
design film and photography in the country marshaled modern art as a political tool and brought consumer culture
into a versatile yet institutional context encompassing 14 essays that investigate the diversity of modern art this
volume demonstrates how moma s programming shaped a version of modern art that was not elitist but
fundamentally intertwined with all levels of cultural production

this book tells the story of germany s rich flourishing and diversified world of art in the last decades of the
nineteenth century a world that has until recently been eclipsed by the events of the twentieth century basing her
narrative on a close reading of contemporary periodicals and lavishly complementing it with cartoons and other
illustrations from these publications beth irwin lewis provides the first systematic comprehensive study of that
german art world she focuses on how critics and the public responded to new forms of painting that emerged in the
1880s when the explosive growth of art exhibitions supported by local governments across a recently united
germany was accompanied by skyrocketing attendance of a new mass public describing the rapid critical
acceptance and dominance of the new modern art in the 1890s lewis analyzes these developments within a
complex interweaving of social cultural and economic factors although critics had hoped for a unified new art for
the new nation the success of modern art fragmented the art world as modern artists and their supporters turned
away from the often unreceptive mass public of the great exhibitions lewis s approach through the popular journals
reveals the public s growing alienation from modern artists and an increasing contempt for the public on the part of

these artists and their supporters all of which prefigured tensions in the contemporary art world her wide ranging text examines not only the various ways art was promoted to and received by the public but also anti semitism the role of women artists and changes in style of both art and criticism well documented engagingly written and vividly illustrated this book will interest not only scholars and students but all readers interested in german cultural history and art history

what is the museum of modern art for some it is a cherished sanctuary for others an idea concretized through the art it has collected and exhibited and for others still an educational laboratory where challenging and difficult art is confronted measured and understood founded in 1929 in small temporary quarters at 730 fifth avenue and now housed in a building that occupies almost half a city block at 11 west 53rd street the museum of modern art new york is on the cusp of a massive renovation and expansion that will see it into the 21st century the museum is a repository of masterpieces of modern and contemporary art 325 of the best of which are reproduced here accompanied by short incisive and intelligent texts amazon ca

shedding fresh light on modern art beyond the west this text introduces readers to artists art movements debates and theoretical positions of the modern era that continue to shape contemporary art worldwide area histories of modern art are repositioned and interconnected towards a global art historiography provides a much needed corrective to the eurocentric historiography of modern art offering a more worldly and expanded view than any existing modern art survey brings together a selection of major essays and historical documents from a wide range of sources section introductions critical essays and documents provide the relevant contextual and historiographical material link the selections together and guide the reader through the key theoretical positions and debates offers a useful tool for students and scholars with little or no prior knowledge of non western modernisms includes many contrasting voices in its documents and essays encouraging reader response and lively classroom discussion includes a selection of major essays and historical documents addressing not only painting and sculpture but photography film and architecture as well

modern and contemporary art explained written for everyone but also suitable as a student textbook college or university in art theory this book is intended to be a simple easy to read guide to everything you need to know about

understanding appreciating modern contemporary art it will set out in the clearest of terms the principles of modern contemporary art so that you can properly evaluate and enjoy contemporary artworks on their own terms anyone with an interest in any of the arts can read this book you do not need to have an advanced education or specialist training we will also provide you with a very solid practical knowledge that you can straightaway apply to each every encounter you have with modern contemporary art whatever the occasion whatever the artform

since its beginning nearly one hundred fifty years ago the metropolitan museum of art has been a vital center for the display and collection of the art of its time as the repository of an encyclopedic collection spanning five thousand years and myriad regions the met presents modern and contemporary art in a richly suggestive context this beautifully illustrated volume like the museum's galleries gathers paintings sculptures photographs decorative arts drawings and works in other media by celebrated artists of the twentieth and twenty first centuries juxtaposing them to suggest historical antecedents and evolving cultural practices from acknowledged masterworks by arbus brancusi demuth duchamp gris hepworth hopper léger nevelson o keeffe picasso pollock rivera steichen and warhol to important newer works by el anatsui mark bradford vija celmins david hammons william kentridge kerry james marshall richard serra cindy sherman thomas struth and kara walker this book delves into the magnificent modern holdings of a beloved museum p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px verdana

this volume explores the late medieval and early modern periods from the perspective of objects while the agency of things has been studied in anthropology and archaeology it is an innovative approach for art historical investigations each contributor takes as a point of departure active things objects that were collected exchanged held in hand carried on a body assembled cared for or pawned through a series of case studies set in various geographic locations this volume examines a rich variety of systems throughout europe and beyond the open access version of this book available at taylorfrancis.com/doi/view/10.4324/9781315401867 has been made available under a creative commons attribution non commercial no derivatives 4.0 license

a selection of key essays on art from the nineteenth century to the present day by one of the most influential voices in art history this illustrated collection of essays brings together some of art historian linda nochlin's most important writings on modernism and modernity from across her six decade career before the publication of her seminal essay

on feminism in art why have there been no great women artists she had already firmly established herself as a major practitioner of a politically sophisticated and class conscious social art history nochlin was part of an important cohort of scholars writing on modernity determined to rethink the narratives of the subject under the pressure of contemporary events such as student uprisings the women s liberation movement and the vietnam war with the help of politically engaged literary criticism that was emerging at the same time nochlin embraced charles baudelaire s conviction that modernity is meant to be of one s time and that the role of an art historian was to understand the art of the past not only in its own historical context but according to the urgencies of the contemporary world from academic debates about the nude in the eighteenth century to the work of robert gober in the twenty first whatever she turned her analytic eye to was conceived as the art of the now including seven previously unpublished pieces this collection highlights the breadth and diversity of nochlin s output across the decades including discussions on colonialism fashion and sex

featuring a diverse range of modern artists and their works modern art explorer takes young readers on an undercover adventure to discover the stories behind famous works witty and brilliantly illustrated modern art explorer is an approachable introduction to modern art for children featuring henri matisse pablo picasso frida kahlo and many more this book brings readers the stories behind thirty famous artworks young readers will see art as something real something born out of ideas inspiration human lives world events and the materials artists use modern art explorer goes undercover and turns each work of art inside out providing children with an ability to understand what each piece is all about buoyed by award winning illustrator serge bloch s cheeky and energetic illustrations this book prompts children to think about how art comes into being and to take a deeper look at the ideas within each work written with a fresh and current voice this book is a fun and illuminating guide to modern art for children
